Re: Comment Deadlines Established Regarding the LightSquared
Technical Working Group Report, IB Docket No. 11-109

Dear Ms. Dortch:

I am a Carroll County, Maryland resident. I recently had the pleasure of purchasing a home in a more secluded area of the County. You might consider my new home in a more rural area of the County.

I write you to support expanded wireless communications options for rural Marylanders. While I enjoy my new home and surroundings, I am sometimes frustrated by the lack of wireless communication reception and options available to me and my family. The lack of wireless options impacts my ability to communicate by phone with relatives, friends, and business associates. The lack of wireless reception and alternatives also impacts my ability to search the web, pay bills by the internet, and stay abreast of current events via the web on my telephone.

Americans have a growing need for wireless broadband communications. America's policies should follow suit.

Please keep America innovating and moving forward by supporting greater access to wireless communications alternatives.

Very truly yours,

A handwritten signature in dark ink, appearing to read "D. Aaron Leighton". The signature is fluid and cursive, with a long horizontal stroke at the end.
